

# Goalie Development Program

*Sponsored by PDP Hockey School*

## Do you ever have the feeling that your son/daughter is not getting the attention that they need to continue their development as a goaltender?

It is not the coach's fault. Most coaches do not have any background in goaltending; thus, they do their best to work with them. Unfortunately, the kids need more. The Goalie Development Program (GDP) was designed to give goaltenders the professional instruction that they need to improve their skills at this vital position. Offering your child the opportunity to have goalie specific coaching in the preseason, during the season, and in the off-season, the mission of the GDP is to give goaltenders the individual attention that they need to continue their development. The Goalie Development will work within the style that your child has begun to develop or help them to create a style that fits their athletic abilities. If you have any questions, please call Bill Moore at (651) 442-7306. If you are interested, please fill out the registration form enclosed with the flyer.

## Pre-Tryout Development Camp

### Description of the Camp

The Goalie Development Program is offering 9 – 1½ hour on ice goalie development sessions beginning August 26<sup>th</sup> and ending September 16<sup>th</sup> as a preparation program for tryouts this fall. The 9 on-ice sessions will be held at Bielenberg Arena in Woodbury. The cost of the program is \$245.00. The ice schedule is listed on this flyer. Training will be focused on the fundamentals of goaltending: skating, crease movement, deflecting pucks away from the front of the net, quickness, hand-eye coordination, etc. At Acceleration East, players will be working on quick-foot and agility drills as well as technical movements to make different saves.

### On-Ice Schedule

<u>Date</u>	<u>Day</u>	<u>Time</u>	<u>Arena</u>
August 26 <sup>th</sup>	Sunday	5:20-6:50 PM	Bielenberg West
